COURSE OFFERINGS

Friends/Family Course

is designed for the layperson that has an interest in learning adult cardiopulmonary resuscitation and choking skills. The course also contains very basic cardiac and pulmonary anatomy and physiology as well as tips for heart disease prevention and heart attack recognition.

Pediatric Friends/Family

is for those who have an interest in learning child and infant cardiopulmonary resuscitation and choking skills as well as childproofing the home.

BLS HEALTHCARE PROV.

was developed for the healthcare professional. This course includes adult one and two-rescuer cardiopulmonary resuscitation, choking skills, cardiopulmonary anatomy and physiology, use of barrier devices and the pediatric components. This course is open to anyone but is recommended for those persons required to hold a course completion card for BLS for the Healthcare Provider.

BLS INSTRUCTOR COURSE

is designed to give students the information needed to become an Instructor of Basic Life Support. Prerequisites include a current *BLS for the Healthcare Provider* course completion card and a letter of interest.
